To whom it may concern,

I am pleased to write this letter of recommendation for Lerato Ditshego, whose exceptional skills as a programme director have made a significant impact on our events. Her ability to connect with the audience and infuse each event with energy is truly remarkable. I firmly believe that the success of an event can hinge on the skill of its programme director, and with someone of Lerato's calibre, success is always guaranteed. She ensures that guests remain engaged and entertained throughout.

We had the privilege of working with Lerato for the second consecutive year after her outstanding performance at the 2023 Lesedi Awards. When it came time to choose an MC for the 2024 Lesedi Awards, she was the obvious choice due to her exceptional programme directing abilities.

Lerato is a consummate professional, with an impeccable eye for detail and an unwavering commitment to exceeding her clients' expectations. The Momentum Group is proud to have her as a partner, and we are deeply grateful for the vibrant energy she consistently brings to our events.

Regards,
Tshego Bokaba
