South Africa

Our ref: RateCard2026
01 Feb 2026

Dear Client

This document serves as your **official 2026 Rate Card**, outlining Oya Solutions standardised service pricing effective from January 1 to December 31, 2026.

What This Is:

This is your point of reference for the base rates associated with our core services and deliverables in the coming year. It is designed to give you transparency and consistency as we plan and budget for projects throughout 2026.

How to Use This Rate Card:

- **Budgeting & Forecasting:** Use these rates for initial project estimates and annual planning.
- **Project Scoping:** Reference the listed services and associated fees when defining new workstreams or campaigns.
- **Negotiation Baseline:** All custom proposals and final quotes will start from this baseline, with adjustments made for project-specific scope, volume discounts, or long-term partnership agreements.

Important Notes:

- The rates shown are standard list prices. Final quoted pricing may reflect negotiated packages, preferred-client discounts, or adjustments for highly customized work.
- This card does not constitute a binding agreement. A formal statement of work (SOW) or service agreement will be issued for each approved project.
- Should your needs fall outside these standard offerings, we will provide a tailored proposal upon request.

We are committed to partnering with you efficiently and transparently in 2026. Please contact your account manager (Rehema Isa) to discuss specific projects or to request a customized quote based on this rate card.

We look forward to supporting your success in the coming year.

Best regards,

Rehema Isa
